

Continuing Education Program

PROTECT YOUR INVESTMENT

BR Surgical offers FREE Continuing Education Programs to improve office staff skills and understanding, leading to cost savings and increased patient safety.

These value added programs help enhance the performance and life of endoscopes and instruments while protecting your investment. Office technicians and staff benefit, as they receive a CEU for each program.

We also provide a detailed instrument or endoscope cleaning and care check list with each program, ensuring the information, techniques and procedures covered during the program are retained and become habit.

WE OFFER 2 DIFFERENT PROGRAMS:

1. Surgical Instrument Care, Cleaning & Handling

Everyday maintenance is simple and easy if you know how! Learn everything you need to know to ensure maximum service life of your instruments. Program covers all types of surgical instruments.

2. Endoscope Care, Cleaning & Handling

Learn proper techniques and procedures to keep your endoscopes in perfect operating condition and prevent accidental damage during cleaning and handling. Program covers both rigid and flexible endoscopes.
